REMARKS

In response to the Restriction Requirement of June 8, 2004, Applicant hereby elects the invention of Group I (Claims 1-36 and 39-40). Claims 37-38, which are directed to the Group II invention, have been canceled without prejudice to the filing of a divisional application. Applicant agrees that the unpatentability of the Group I invention would not necessarily imply unpatentability of the Group II invention. Accordingly, Applicant is making this election without traverse.

Respectfully submitted,
